The golf cart purchased with John Miller Memorial money is at the dealer in Dubuque and has been paid for and is having option work done. It should be finished in 2-3 weeks. Steve Mathias mentioned we would need the serial number for insurance purposes. Jim Granger has overseen the whole project of acquiring the golf cart.

The low temp light has been moved to the South side of the Scoring Building next to the garage door.

The drainage work on Bay 9 on the competition range is finished. There is nothing new on the 600 yard rebuild project.

Jim Champion is working with vendor on dates to coat the restroom floors.

Signs were added to the Conventional Range stating “No Shooting Forward of the Firing Line”.

The water from the new well is looking good and no odor. Nate Brockhouse will follow up with progress and possible testing.

The 100th year items and the 25 yard range carriers were tabled.

NEW BUSINESS:

A Firearms Instructor, Adam Medina, requested range use for training. Discussion was heard and the Board declined. A vote was taken and All the Board OK'd on agreeing to decline the request with the exception of Jeff Siirila who voted Yes.

Due to another issue of rules not being followed at the club, a suggestion was made to add more instructions for each range. It was tabled for this month.

The calendar was set for 2023 and it was reminded nominations for the Board will be taken in November at the meeting on November 16th.

The meeting was adjourned at 8:03.
